

LUGAZI DIOCESE

10th September 2013

Dear Mr. Nemeč,

Please accept my warmest greetings from the Diocese of Lugazi, wishing you God's blessings.

The Diocese of Lugazi and Caritas of the Archdiocese of Prague have developed a long term, fruitful relationship over the past years. Caritas Prague has done much to improve the situation of Ugandan children and the general population of the diocese, for which we are immensely grateful. Your schools, projects and the hospital have made a difference in the lives of our flock and have furthered the good name of the Catholic Church.

I am writing to congratulate you and your organization for this support and thank you for the ongoing cooperation. Namely, your latest contribution has improved the Bulkwe hospital services by donating a construction project of maternity extension (200 mil UGX), accommodation houses for 10 employees (200 mil UGX) and the new anesthetic machine (65 mil UGX). These are only a few examples from the long list of donations the Diocese has obtained from Caritas Prague.

Thank you for your help and God bless you. We shall be ever grateful for Caritas Prague's generosity and unfailing support of the poor.

Yours in Christ,

+ M. Ssekamanya

+ Matthias Ssekamanya

Bishop of Lugazi Diocese
